SAMEERA MANAF

FRONT END DEVELOPER

📞 +971585133244 |Dubai, UAE ✉ zakraya60@gmail.com 🔗 <u>LinkedIn</u>💻<u>GitHub Link</u>

PROFESSIONAL SUMMARY

Passionate Front End Developer with hands-on experience in building scalable web applications using React.js, Next.js 15, and GraphQL. Expert in developing responsive user interfaces and optimizing web performance, achieving up to a 30% improvement in load times. Proven ability to integrate complex APIs and manage state efficiently with Redux. Currently expanding expertise in Python and FastAPI to build robust full-stack solutions.

TECHNICAL SKILLS

Front-End Frameworks: React.js, Next.js, Material UI

Data Management: Redux,Context API.

Languages and Libraries: JavaScript, TypeScript, HTML, CSS, SCSS, Bootstrap ,Python (Learning)

Tools & Technologies: Git, Vercel

Soft Skills: Problem-Solving, Teamwork , Fast Learner

Backend: GraphQL, REST API, Prisma, PostgreSQL

PROFESSIONAL EXPERIENCE

Upcode Software Labs | Front End Developer Intern Kozhikode, Kerala | June 2025 – Present   (Remote/Hybrid)

- Developed and deployed 5+ production-ready web applications using React.js and Next.js, ensuring 100% responsive design across all devices.
- Built 20+ reusable UI components using Material UI, reducing development time for future modules by 15%.
- Integrated GraphQL and REST APIs for dynamic data handling, improving data loading efficiency by 20%.
- Boosted application performance and SEO scores by 25% through advanced techniques like code splitting and server-side rendering (SSR).
- Collaborated in an Agile team of 5+ developers, consistently delivering sprint goals 10% ahead of schedule.

FEATURED PROJECTS

nexus-commerce-engine

- Developed a high-performance commerce platform using the latest Next.js 15 features and GraphQL for efficient data fetching.
- Implemented complex filtering and search functionalities to provide a seamless shopping experience.
- Implemented a mobile-first design approach, ensuring 100% responsiveness across all screen sizes.

Next.js E-commerce Application(App Router)

- Built a complete e-commerce frontend implementing product listings, advanced search, and dynamic routing.
- Designed fully responsive layouts optimized for all device types.
- Utilized Next.js App Router for optimized navigation and improved user flow.

health-track-pro

- A healthcare management system built with React, Prisma, and PostgreSQL.
- Implementing secure patient data handling and real-time appointment scheduling..

AWARDS & ACHIEVEMENTS

- Successfully completed and deployed multiple real-world frontend applications.
- No Gained extensive hands-on experience in building production-ready web platforms.
